

At the first Olympic Games in 1896, there were nine sports contested. Since that time many sports have been added (and removed) from the program. Only five sports have been contested at every summer Olympics Games since 1896: Athletics, Cycling, Fencing, Gymnastics, and Swimming.

In 2012 there were 26 sports contested. Increasing to 28 in 2016, and 33 in 2020. The next Olympic Games in Paris 2024 are expected 32 sports with debut of Breakdancing, while Karate, Baseball, and Softball are dropped from the program.

What should we do?

Most Olympic Medals Won by Female and Male Athlete

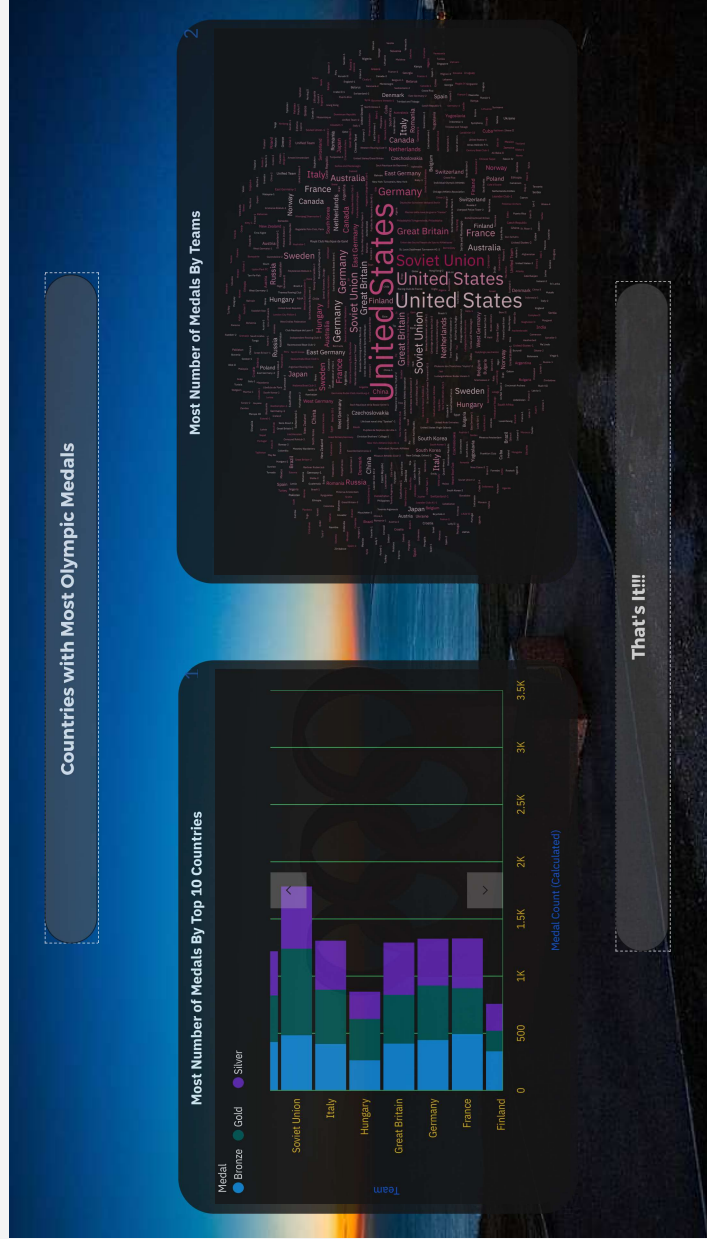

Filter(s) applied to the visualization(s) on the previous page:
